

# Healthcare Merchant Certification

Let the world know that you operate safely and legally with LegitScript Healthcare Merchant Certification.

LegitScript Healthcare Merchant Certification provides a recognized stamp of approval for businesses that facilitate transactions for pharmacies. Many banks, advertising programs, social media platforms, and e-commerce websites require certification from a recognized organization like LegitScript to support your merchant account. Our certification is recognized by Visa, Mastercard, Google, Microsoft Bing, Facebook, and TikTok.

## Why get certified?

### Adhere to Credit Card Policies

Card networks such as Visa and Mastercard recognize LegitScript certification as part of their MCC 5122 and 5912 high-risk merchant registration process.

### Participate in Online Advertising

Grow your business by promoting your company online. LegitScript Certification is recognized by major internet platforms, including Google, Microsoft Bing, Facebook, and TikTok.

### Gain Patient Trust

Let patients know that you operate safely and legally. LegitScript's website verification tool is used by patients around the world to determine who they can trust.

### Improve Regulatory Compliance

Operate under applicable laws and regulations. LegitScript's expertise helps applicants identify and correct inadvertent errors in compliance with pharmacy and telemedicine regulations. There's also no need for additional domain name expenses. Simply pay an application fee and an annual monitoring fee to maintain your LegitScript-certified status.
